Gualala, CA 95445

Dear Eileen:

Happy New Year!

I wanted to thank you so much for the beautiful Guardian Angel you designed for us. Anyone looking at her knows you clearly put your heart and soul into her creation. We so appreciate your artist talent and your ability to inspire others across the country to open their hearts to these most precious children as you did. As I am sure you remember from our discussions, the beneficiaries of our services are at-risk children suffering from severe depression, abuse and abandonment issues.

Since August of 1994, Casa Pacifica's Crisis Care and Residential Treatment programs have helped nurture and care for over 2000 vulnerable children and adolescents from every city in Ventura County, as well as Santa Barbara and San Luis Obispo Counties.

Eileen in closing I want to share a favorite quote of mine.

*"Never underestimate the power of giving. It shines like a beacon throughout humanity. It cuts through oceans that divide us and brightens the lives of all it touches. One of life's greatest laws is that you cannot hold a torch to light another's path...without brightening your own."*

Once again, on behalf of the children in our care I thank you so much for your generosity and spirit of giving.
